Dale N. Gerding, MD

Dr. Gerding is Professor of Medicine at Loyola University Chicago Stritch School of Medicine in Maywood, IL. Prior to his present position Dr. Gerding was Chief of Medicine at VA Chicago, Lakeside Division, and Professor of Medicine at Northwestern University Feinberg School of Medicine.

He is an infectious diseases specialist and hospital epidemiologist, past president of the Society for Healthcare Epidemiology of America and past chair the antibiotic resistance committee of SHEA. He is a fellow of the Infectious Diseases Society of America and past Chair of the National and Global Public Health Committee and the Antibiotic Resistance Subcommittee of IDSA. He served as a member of the Board of Directors of IDSA from 2005-2008. He is a fellow of the American College of Physicians and a member of the American Society for Microbiology. He is board certified in Internal Medicine and Infectious Diseases.

His research interests include the epidemiology and prevention of *Clostridium difficile* disease, antimicrobial resistance, and antimicrobial distribution and kinetics. He has been a Merit Review funded research investigator in the VA for over 35 years and is the author of over 300 peer-reviewed journal publications, book chapters, and review articles. He holds patents for the use of non-toxigenic *C. difficile* for the prevention and treatment of this disease. He is a member of the editorial boards of Clinical Infectious Diseases, Antimicrobial Agents and Chemotherapy, Gut Microbes, and Infection Control and Hospital Epidemiology, and is an ad hoc reviewer for numerous other medical journals.
