

Kristin L. Nichol, MD, MPH, MBA

Kristin L. Nichol, MD, MPH, MBA, is Professor of Medicine at the University of Minnesota and Chief of Medicine at the VA Medical Center in Minneapolis. Dr. Nichol's research has focused on issues relating to adults vaccines with a special emphasis on influenza and pneumococcal vaccination. She has pursued observational studies and clinical trials in such areas as successful delivery strategies, determinants of vaccination behavior, side effects associated with vaccination, and the clinical efficacy and cost effectiveness of vaccination, and has authored more than 100 publications in these areas.

Dr. Nichol is Chairperson of the National Coalition for Adult Immunization Advisory Committee and the Minnesota Coalition for Adult Immunization and is a member of the Minnesota Department of Health's Immunization Practices Advisory Committee. She also serves as the Department of Veterans Affairs ex officio member of the US Advisory Committee on Immunization Practices.

Dr. Nichol received her MD and MPH degrees from the University of Minnesota and her MBA from the University of St. Thomas. She pursued her internal medicine training at the University of California in San Francisco and the University of Minnesota and is boarded in Internal Medicine and Preventive Medicine.
