

# Position Your Products ... Announce New Innovations ... Meet Current Customers Face-to-Face ... Get New Leads

at the

## *Sixth Annual Conference on Vaccine Research*

May 5–7, 2003

Crystal Gateway Marriott • Arlington, Virginia

*The National Foundation for Infectious Diseases (NFID) invites you to participate in the Sixth Annual Conference on Vaccine Research, May 5-7, 2003. The attendees come to present and discuss the latest vaccine-related scientific data, results and issues. This group is eager to learn about innovative products and services and emerging technologies that will provide them with the tools and information they need to be leaders in their research.*

### Showcase Your Products at this Rapidly Growing Conference

- Exhibits are located with the Poster Sessions.
- Breaks will take place in the Exhibit Area
- Evening Reception in exhibit hall will provide another opportunity for companies to meet with the attendees.

### Show Hours

- May 5, 2003      OPENING RECEPTION
- May 6, 2003      FULL DAY

### Booth Prices

8' x 10' for commercial organizations	\$1000
8' x 10' for non-profit organizations	\$ 500

(Larger booths are available)

### The Exhibit Package Includes

- One complimentary conference registration
- Organization listing in exhibitor directory
- Pre and Post-conference list of attendees
- Company information and link listed on conference website
- Draped backwall and siderails

*Complete the Exhibit Application Form and Contract enclosed in this prospectus and return it to NFID with your deposit to reserve your booth space.*

	May 6, 2003	7:30am – 3:30pm
<i>Exhibit Hall Dismantling</i>	May 7, 2003	8:00am – 12:00pm

# The Sixth Annual Conference on Vaccine Research

## **Demographics**

### **Who attends?**

*This conference is attended by more than 500 researchers, physicians, public health experts, and others involved in vaccine research.*

### **What do they do?**

*Attendees are involved in every level of vaccine research from basic science to product development to clinical and field studies. This conference is a forum for a broad array of disciplines and specialties. (see registration analysis below)*

### **Who do they represent?**

*Attendees are from the biotechnology and pharmaceutical industry, academia, and government. Private consultants, medical practitioners, industry analysts, and members of the scientific and lay press also attend.*

### **Where are they from?**

*The conference attracts a geographically diverse audience, with about 25% of attendees coming from outside the United States.*

## Registration Analysis

*Approximately 500 specialists attended this conference in 2002. Their areas of specialty included:*

**Biochemistry  
Clinical Research  
Immunology  
Microbiology**

**Pediatrics  
Public Health  
Virology**

**Biology  
Epidemiology  
Infectious Diseases**

**Molecular Biology  
Pharmacy  
Vaccinology**
