VISION

Healthier lives for all through **effective prevention and treatment** of infectious diseases

MISSION

Educate and engage the public, communities, and healthcare professionals about infectious diseases across the lifespan

COLLABORATION

Valued partnerships with key stakeholder from government, academia, professional societies, advocacy groups, and industry

EDUCATION

NFID offers clinical and research-focused educational activities bringing together leading experts and cross-disciplinary professionals to advance the prevention and treatment of infectious diseases and antibiotic-resistant infections

OUTREACH

Through media relations, social media engagement, public service announcements, and other awareness activities, NFID educates and engages the public and at-risk populations about the prevention and treatment of infectious diseases across the lifespan

RECOGNITION

NFID develops leaders and honors outstanding individuals for their contributions to public health through scientific achievement, philanthropy, and policy

ABOUT NFID

Founded in 1973, NFID leads national efforts to increase awareness about infectious disease prevention and treatment. Our vast network of experts, partners, and healthcare professionals makes NFID a leading organization focused solely on infectious disease prevention and treatment.

Our reach includes:

25,000+	email subscribers
1,000,000+	annual website visitors
70,000+	social media followers
